

Alcohol-based, rapid disinfection of non-invasive medical devices.

terralin[®] liquid

Our Plus

- broad efficacy within very short time
- residue-free
- ready to use

Application areas

The product is suitable for disinfecting medical devices. The rapid disinfectant product is suitable for disinfecting near-patient surfaces with an increased risk of infection that require short exposure times.

Instructions for use

Apply undiluted to the surface, wipe and allow taking effect. Ensure complete wetting and maintain the surface moist during the entire exposure time.

Ensure that all visible dirt is removed before disinfection. Maximum yield of 50 ml/m². For professional use only. Any serious incidents related to the product are to be reported to the manufacturer and competent authority. Not for final disinfection of semicritical and critical medical devices!
