## quartasept® plus

Liquid concentrate for disinfection and cleaning of surfaces, based on a combination of quaternary ammonium compounds and amine derivatives.

### Our Plus

- aldehyde-free
- disinfection and cleaning in one step
- alkaline pH ensures good solubility of grease and oil contaminations
- excellent foaming properties
- effective against bacteria (incl. Salmonella, Listeria) and fungi
- rinses off residue-free
- does not contain any colorants or perfume

### Application areas

quartasept® plus is suited for surface disinfection and cleaning in all food-processing areas, for example

- manufacturing spaces, storerooms, refrigeration rooms
- worktops and production facilities
- all kinds of tools and equipment
- community catering canteen kitchens

as well as in

- cosmetic industry
- pharmaceutical industry

### Instructions for use

Apply diluted-concentrate solution to surfaces and equipment using a low-pressure washer. Alternative methods are wiping surfaces and equipment or immersing single objects into the solution, if applicable. Ensure that surfaces are fully wetted with liquid. After the recommended exposure times, rinse surfaces in contact with foodstuffs evenly with a sufficient amount of water of drinking-water quality. Clean tools and equipment with plenty of water.

The shelf life of the opened container corresponds to the expiry date printed on the container when handled and stored appropriately.
