

Deep cleansing wash lotion for regular use in clinical and medical environments

esemtan® wash lotion

Our Plus

- suitable for the whole body, face and hair
- for all skin types
- pH neutral and soap free
- contains allantoin

Application areas

- gentle body wash from head to toe
- suitable for use in bath and shower
- for hand washing with surgical and hygienic hand disinfection

Product Profile

esemtan® wash lotion's balance of ingredients provide a gentle lather, pleasant fragrance and delicate colour whilst still caring for your skin. Anti-irritant properties are provided by Allantoin, an ingredient which occurs naturally in the plant world. Added moisturisers care and protect the skin.

Instructions for use

Hand washing

Before surgical and hygienic hand disinfection with alcohol based preparations, apply approx. 2 ml esemtan® wash lotion, add water to form a lather, rinse off and dry well (repeat the process for heavy soiling).

Partial or full bath

For a full bath add approx. 20 ml esemtan® wash lotion as the water runs into the bath; for partial baths use correspondingly smaller amounts.

Washing

Apply esemtan® wash lotion to a moist sponge or face cloth, rub onto the relevant parts of the body, wash and rinse off.

esemtan[®] wash lotion
