

Enriching, rapidly absorbed moisturising cream

sensiva[®] protective emulsion

Our Plus

- ideal for use at the end of each clinical session to protect and maintain the integrity of the skin
- absorbs rapidly, leaving a non greasy feel to hands
- contains allantoin and jojoba
- colour and perfume free to reduce allergic and skin irritation

Application areas

- to be applied at the end of each clinical session
- suitable for normal and stressed skin
- for use in the food processing industry

Instructions for use

Apply and rub in gently after cleaning/disinfection or as required. Apply to back of one hand and use the back of your hand to spread the cream to the back of your other hand and then also to the palms of the hands.

The use of dosing pumps or dispensers is recommended to ensure the product is used hygienically.

- For hygienic reasons, the product should be extracted via pump or dispenser
- Rub the product gently into clean/dry hands

- Apply the product to the back of the hand and spread the cream with the back of the other hand

- Afterwards, apply the cream to the fingers also, and finally to the inside of the hands
- While rubbing it in, pay special attention to the areas between the fingers and to the nail beds

sensiva[®] protective emulsion
